PROFESSIONAL SUMMARY

Software Developer with hands-on experience in developing, testing, and maintaining software and web applications using Java, PHP, JavaScript, and SQL. Experienced in implementing CRUD operations, integrating REST APIs, managing relational databases, and building maintainable application features. Possess a foundation in object-oriented programming, data structures, debugging, database management, and Git version control. Eager to contribute to software development projects, strengthen problem-solving skills, and learn new technologies in a collaborative development environment.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), PHP, Java, Python (Fundamentals)
Frontend: React.js, Redux Toolkit, HTML5, CSS3, Tailwind CSS, Bootstrap, Vite
Backend: Node.js, REST API Integration
Databases: MySQL, MongoDB, SQL
Tools & Practices: Git, GitHub, Vercel Auto-Deploy (CI/CD basics), VS Code, IntelliJ IDEA
Core Concepts: OOP, Data Structures, Prompt Engineering, CRUD Operations, Debugging, Component-Based Architecture.

PROFESSIONAL EXPERIENCE

Freelance — Frontend Development **Jan 2026 – Present**

- Worked as a Freelance Frontend Developer, building responsive and user-friendly web applications using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS.
- Developed reusable UI components, integrated REST APIs, and optimized web interfaces for performance and cross device compatibility.

PHP Developer — AV7 SCM HO, Tiruppur, TN **Jan 2025 – Sep 2025**

- Developed and maintained full-stack web applications using PHP, HTML, CSS, JavaScript, jQuery, and SQL, delivering features across the entire application stack.
- Built responsive front-end interfaces and optimized back-end database operations for multiple internal business projects.
- Collaborated with cross-functional teams across the full development lifecycle, from requirement gathering and design through deployment and support.

PROJECTS

Food Delivery App **Jun 2026**

React, Tailwind CSS, JavaScript, Redux Toolkit, Vite | GitHub | Live Demo

- Developed a responsive food delivery application with restaurant browsing, menu exploration, cart management, and dynamic order summary.
- Implemented reusable React components, efficient state management with Redux Toolkit, and real-time REST API integration for a seamless user experience.

FAQ Management System **Feb 2026**

Java, SQL | GitHub

- Built a back-end FAQ management system in Core Java with full CRUD operations and SQL database integration.
- Implemented a toggle-status feature to dynamically activate or deactivate FAQs using structured, modular code.

EDUCATION

Bachelor of Computer Applications (BCA) — Erode Arts and Science College **Aug 2021 – May 2024**

Affiliated to Bharathiar University, Erode, TN | CGPA: 7.435

CERTIFICATIONS

- Junior Software Developer Certificate — CADD Technologies, under the Vetri Nichayam Government Scheme (Score: 93%).
- State Level Hands-on Training Program on AI Tools and ChatGPT.

ACTIVITIES & LEADERSHIP

Department Vice Chairman **2022 – 2023**

- Organized department events and student activities, working with students and faculty to resolve student-related issues.
- Developed leadership, teamwork, communication, and problem-solving skills.
